Industrial Pressure Washers
...Built Right to Do the Job Right

PDHW

Industrial-Duty, Kubota Diesel-Powered,
Self-Contained, Hot Water Pressure Washer

- 4.7 GPM, 3,500 PSI
- Kubota Diesel Engine
- LANDA Belt-Drive Pump with 7-Year Warranty
- LANDA SureFire Burner*
- 2,900 Watt Generator*

■ Rugged tri-plunger, belt-drive, High-Pressure LANDA LT Pump with forged brass head and 7-year warranty.

■ Kubota Factory-Certified application of industrial-duty 599cc Kubota Diesel Engine with keyed electric start.

■ High-efficiency 12V LANDA SureFire Burner* is mounted on the end for ease of servicing and fuel adjustment.

■ 120V Burner and GFCI receptacle are powered by reliable 2,900 Watt Generator.*

■ Easy to service with Locking Swing-Out Access Door.

■ Conveniently placed Control Panel features Keyed Ignition Switch, Burner On/Off Switch, Indicator Lights for glow plug, low water and low oil, Adjustable Thermostat to control temperature, and Hour Meter for total operating time. Models with generator have a 120V GFCI Receptacle.

■ Helpful Trilingual Labels with operating instructions and warnings in English, Spanish and French for owner and operator protection.

■ Trailer-ready with pre-drilled Trailer Mounting Brackets.

■ Cast-iron bushing Pulleys and two notched "V" cogged belts provide cooler operation and longer life. Single-rail Tru-Track Pulley Adjustment makes it easy to adjust the belt tension.

■ Super-duty Horizontal Heating Coil, made of cold-rolled, Schedule 80 steel pipe has a 5-year warranty and is surrounded by an aluminized steel inner wrap and stainless steel top wrap.

■ Extremely versatile with many Options that include Wheel Kit, Float Tank with inlet injection, Hose Reel platform, Downstream Injector, Lift/Stack platform, stainless steel Drip Pan, emergency engine Air Shutoff, and engine Spark Arrestor.

■ Power platform is mounted on Vibration Isolators to extend the life of key components.

■ Rugged, 2-inch, polyester powder-coated channel Steel or Stainless Steel Frame for all-weather resistance includes Forklift Guides for easy mobility.

■ Extra-large 22-gallon diesel Fuel Tank has elevated fuel lines to prevent debris in fuel from causing damage, and tilts out for easy servicing.

■ Heavy-duty Fuel-Water Separator has replaceable element for removing water that can damage the burner fuel pump.

■ 50 ft. of 3/8", double-wire braid Landa Tuff-Skin Hose featuring a 24-inch Hose Guard for burst protection.

■ Four Quick-Couple Nozzles are made of hardened stainless steel and are mounted for ready access.

■ Insulated, spring-loaded Trigger Gun and insulated, dual-lance Variable Pressure Wand make it easy to switch between wash and rinse modes.

■ Many Safety Features, including rupture disk, thermal pump protector and high-temperature shut down to guard against any buildup of excessive pressures or heat.

■ Durable polyurethane Battery Box protects battery and is easy to access.

* LANDA SureFire burner on 12V burner models only. 2,900 watt generator on 120V burner models only.

PDHW

Industrial-Duty, Kubota Diesel-Powered, Self-Contained, Hot Water Pressure Washer

- 4.7 GPM, 3,500 PSI
- Kubota Diesel Engine
- LANDA Belt-Drive Pump with 7-Year Warranty
- LANDA SureFire Burner*
- 2,900 Watt Generator*

PDHW5-35624E/SS shown with optional stainless steel Lift/Stack Platform Kit and Emergency Air Shutoff Kit

The versatile PDHW series includes stainless steel models that are perfect for high corrosion environments such as off-shore oil drilling.

WHY CHOOSE LANDA'S PDHW

LANDA's PDHW is a diesel-powered, hot water pressure washer. It combines the versatility of a compact size with the ruggedness and cleaning power of a full-skid pressure washer. The PDHW delivers cleaning power of 3,500 PSI with a flow rate of 4.7 GPM. The PDHW is packed with:

QUALITY: Powered by a reliable Kubota electric-start engine, the PDHW features a top-of-the-line, oil-bath, tri-plunger, belt-drive LANDA LT pump with 7-year warranty. The heating coil is made of 1/2-inch Schedule 80 cold-rolled pipe with a stainless steel outer top wrap. The sturdy steel frame gets all-weather protection from a polyester powder coat finish or stainless steel.

VERSATILITY: A 2,900 watt generator (on 120V burner models) provides power for the burner as well as a 120V outlet for low-wattage applications. The PDHW has forklift guides for transporting and brackets for mounting on a trailer. The extra-large, tilt-out, fuel tank provides hours of continuous cleaning. The PDHW has loads of additional options to make it the perfect machine for any job including off-shore oil rigs. Options include float tank with inlet injection, hose reel platform, downstream injector, lift/stack platform, stainless steel drip pan, wheel kit, emergency engine air shutoff, and engine spark arrestor.

SAFETY: As with all LANDA models, the PDHW comes certified to the rigid UL-1776 safety standards, featuring: 24-inch hose guard for burst protection; thermal pump protector; high-temperature shutdown to prevent super-high heat build up; and rupture disk to vent any buildup of excessive pressure in the heating coil.

PDHW Specifications

Model No.	Part No.	GPM	PSI	Engine	CCs	Pump RPM	Burner	BTU's	L x W x H	Ship Wt.
PDHW5-35624E	1.110-060.0	4.7	3,500	Kubota Z602	599	1,125	SureFire 12V DC	385,000	48" x 32" x 44"	905 lbs.
PDHW5-35624E/SS	1.110-061.0	4.7	3,500	Kubota Z602	599	1,125	SureFire 12V DC	385,000	48" x 32" x 44"	905 lbs.
